

How is the Bradford of now different from the Bradford of the past?

Lesson 1	In this lesson, you will be learning how to use coordinate skills effectively - applying our knowledge to 4 and 6 figure grid references.					
Lesson 2	In this lesson, you will use map skills to identify your local region and research its main physical and human features.					
Lesson 3	This week you will understand how Bradford developed into a city by investigating how its physical and human features contribute to this. You will also research and discover the difference between counties, villages, towns and hamlets producing a map using symbols.					
Lesson 4	In this lesson, you will be researching key statistics of Bradford's economic geography, understanding how the wool industry shaped Bradford then and now.					
Lesson 5	Fieldwork - In this lesson, you will identify patterns in your local area and conduct fieldwork research around population, shops, traffic and housing data.					
Lesson 6	In the final lesson, you will interpret and analyse the data from your fieldwork.
