

How can Barbara Hepworth inspire us to sculpt the human heart?

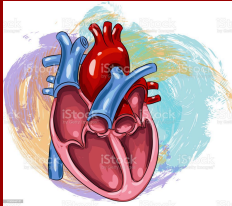

Lesson 1

Who is Barbara Hepworth?

Today you will learn all about the sculpture, Barbara Hepworth and produce a critical study of her and her most famous work.

Lesson 2

How does a sculpture start?

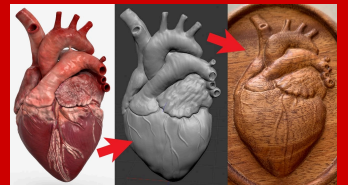

Linking to some of this term's Science, you will create studies and sketches of the heart, looking closely at the shapes and spaces as Barbara Hepworth might.

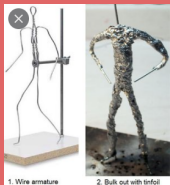

Lesson 3

Today you will plan and sketch your piece reflecting the style of Barbara Hepworth.

Lesson 4

This lesson, you will use material such as paper, foil or wire to create a **framework** or 'form' for your relief sculpture.

Lesson 5

Today, you will cover your forms with modrock and **smooth** or **add texture** to your sculpture.

Lesson 6

You will complete your sculpture today by adding colour: mixing and applying paint.
